1. Description and Purpose of Change

The MCU used is no longer available and had to be replaced. In a redesign of the hardware, a new MCU was inserted without any change in the RF part itself. The redesign of the sensor is a one-to-one replacement.

2. Type of Change

- Change in FIT
- Change in FORM
- Change in FUNCTION
- Change of quality or reliability
- Product End of life notification
- Changes of test specification limits
- Change of supplier in supply chain to manufacture the product
- Changes of specification limits of manufacturing processes
- Production from new or modified tools
- Change of the process recipe
- New source of raw material from new or existing supplier
- Change in test/inspection method - new technique (no effect on acceptance criteria)
- Production from tooling and equipment transferred to a different plant site or from an additional plant site
- Change in Packing/shipping

3. Risk Assessment and Planning

Scheduled change date: immediate
Current product available until: K-LD2-RFB-00H-02 not available anymore
Traceability / Labeling: New article number: K-LD2-RFB-00H-03
Risk assessment: -
Product qualification necessary? No
Sample availability: approx. May 2023

4. Change Category

- Customer approval requested
- Notification to customer

5. Approval

RFbeam Approval Léon Audergon

Your approval is kindly requested by signing the documents and returning it to RFbeam within 10 days. Lack of acknowledgment of the PCN within 30 days constitutes acceptance of this change
